FIRE HYDRANT PROBLEM ENDANGERS NEW TRACT

The City Council Monday night approved employment of Gordon Rooney as patrolman effective June 26, the appointment of Charles Volts and F. L. Cooms as auxiliary policemen and the purchase through bids of a new police car to replace the Oldsmobile now in use. Police Chief Robert Locke said he is studying merits of the proposed Santa Clara Youth Advisory Council.

Rooney who resides with his family at 16 Hamilton avenue here will become the fourth member of the force under Chief Locke. A graduate of White Lake High school in Wisconsin he served in the Navy then in 1952 with the Coos Bay, Oregon, police department.

Fire Chief Jack Scott read a letter from a builder in Latimer Park subdivision regarding fire hydrants, and said two houses are completed and furnished there and four are framed and 28 foundations are set. City clerk was instructed to write the builder, furniture company and fire underwriters the city was not responsible for loss incurred by fire.

A letter from Thomas Casey, president-elect of the Chamber of Commerce estimated expenses for new fiscal year and asking for $2350, a large share of which would go toward printing of new maps and brochures. Sam P. Cava said many of these would be sent outside the state in the interests of new industry.

Mark Thomas, city engineer, said the State Highway department wants to shorten the freeway approach at Hamilton avenue but as the extension has already been approved mutually by city and state, Mayor Richard Morton advised that we hold our ground.

An amending ordinance introduced would require sound trucks to get clearance from the Police Chief, and placed a one-hour parking limit from 9 a.m. to 7 p.m. on Campbell avenue and Winchester Road from Rincon to Hamilton avenues.

CAMPBELL LITTLE LEAGUE PARK IS ONE OF BEST IN CALIFORNIA

The Campbell Little League Park was dedicated Saturday noon at the Rosemary School with Merv Willoughby of Campbell Rotary Club telling how it was built through cooperation of the people in contributing time, work and materials. Spearheading this effort was the Rotary Club, with the city and the schools giving substantially.

A turfed field that resembles a miniature big league park, it is said to be one of the best Little League parks in the state.

The Reserve Officers' Training Corps from the High School conducted flag raising ceremonies, the Grammar school band furnishing music.

Laurance J. Hill, league president; Neal Royer, school principal; Les Harmon, president of the Rotary club, and Mayor Richard Morton all spoke briefly and enthusiastically of the park, following which Mayor Morton threw out the first ball to open the League schedule.

Jay's Sheet Metal came from behind in the sixth inning to get 6 runs and triumph 7 to 6 over Campbell Stamp Association, as pitcher Dave Hill hit a single to drive in both the tying and winning runs.

In the second game, Western Gravel, sparked by a no-hitter from their pitcher John Ezzie, scored a 2 to 1 win over Mac's Market in the second game of a double-header. He drove in the winning run with a single.

Monday night, Western Gravel scored an 8 to 4 win from the Campbell Stamp Association as Lou Miranda hit a pair of home runs to drive in six runs.

Tuesday night, Jay's Sheet Metal conquered Mac's Market 4 to 3 as Ray Papa hit a homer in the last inning.

This puts Jay's Sheet Metal and Western Gravel in a tie for the league leadership and they meet tomorrow night as the Stamp Association and Mac's Market take the field tonight.

Campbell Boys Out For World Record Saturday

The world endurance record established by two youthful model airplane enthusiasts in New Jersey will be challenged Saturday morning, June 11, by Campbell boys, Robert Herman, 15, and Bob Hoffman, 15, at the Campbell Grammar School.

Hoping to establish a record exceeding the present one by ten hours or better, the boys have equipped their model plane with a new fuel feeding device capable of sustaining the continuous flight of the plane for twenty-four hours or more.

The Campbell boys will arise in the pre-dawn hours to prepare for the gruelling flight that will last all day Saturday and may possibly continue till Sunday. The boys are members of the Campbell Sky Pilots Squadron which they have named Campbell "Props". Working with Hoffman and Herman will be Dave Nelson acting as mechanic for the flight.

Several Campbell Merchants have expressed their desire to help the boys set the record and are acting as sponsors for the event. The merchants who have contributed for the expense of the sustained flight are Aero Pharmacy of 44 S. Winchester; Earl's Barber Shop on Winchester; Germain Seed and Plant Co., 1266 W. San Carlos, San Jose; The Hobby Center, Winchester Road; Kopper Kettle Donut Shop, 38 S. Winchester; T and T Variety, 24 E. Campbell Ave.; and TWIG Market, 79 S. Winchester.

COUNTRY WOMEN ASK FUNDS TO START JUVENILE HALL

A resolution from the Country Woman's Club of Campbell was filed yesterday with the Santa Clara County Board of Supervisors, that serious consideration be given the allocation of funds for a Juvenile Hall.

We feel strongly the desperate need particularly sinc noting national ill fame of our jail facilities, that our club of 127 representative women request money in the 1955-1956 budget to provide for juvenile hall with a building, not merely a survey."

The resolution committee includes Mrs. W. R. Morgan, Mrs. E. R. Kennedy, Mrs. B. J. Kilgallin, and Mrs. F. A. Ellis. It points out that:

1. Inclusion of $350,000 for survey and plans is inadequate.
2. Time for action is now. By combining allotted $350,000 and the $424,232 for operation and maintenance of the County Fair, a new Juvenile Hall could be had.
3. If necessary the fair can be dispensed with in order to meet civic responsibilities.
4. Realizing County Fair brings favorable publcity, yet if counteracted by national notoriety on refusal to meet obliegations to fellow men and children, then we request immediate revision of the 1955-56 budget to include a new juvenile Hall.

School Tax Committee Is Named

A citizen's committee met Monday evening at Campbell High School to consider recommendations from the District Board of Trustees that the high school tax rate ceiling be set at one dollar instead of the present 75c so as to cope with increasing enrollments and the opening in September of the new Camden High School, also for possible increases in teacher salaries. The committee is to meet again to prepare a factual report covering these needs, which report will be submitted to the electorate prior to the election July 21.

It was emphasized here Monday that the 75c ceiling rate here is one of the lowest of any high school district in Santa Clara County, this on the other hand, being one of the largest districts in the county.

Members of the committee are: Messers and Mesdames: Richard Patterson, Bruce Holmes, E. C. Andres, Jr., Dan Caputo, Leonard Meritt, Harold Keech, George Robertson, William Murphy, Robert Chapman, Kenneth Wood, C. F. Helmbolt, Arthur McMains, Albert Bariteau, M. G. Estabrook and Albert Weltz.

Latest Equipment At Benson's Clinic

Benson's Cleaners was the scene of great activity last Sunday when William Fox, of the William W. Fox Company of San Jose, distributors of laundry and dry cleaning supplies, sponsored a clinic on the latest methods in dry cleaning which was attended by approximately 150 persons from all over California.

The center of interest was the latest model of a Manitowoc two bath tubular filter with reclaiming unit and Minneapolis Honeywell humidity control that Lowell Benson had installed six weeks ago. The huge machins is the first of its kind in Californio and makes it possible to render faster and better service for the customers.

Soiled garments are placed in the first tubular bath where the humidity is raised automatically 75%. This increased humidity softens and loosens soil and stains. The garments are then placed in the second bath which finishes the process and the clothes emerge thoroughly cleaned.

Classes were conducted all through the day with demonstrations on dry cleaning machines, spotting, silk finishing, and steam air finishing. At noon the group was served a buffet lunch in the plant by Mrs. William Fox.

Among those attending the clinic were two factory representatives of the Manitowoc Company, Don Fuller, general manager, and Elmer Fors, secretary and treasurer. Other officials were Glen Schoop, national demonstrator for the Cissell Manufacturing Company; Helen Gibbs, silg finisher of the Cissell Company; Don Knight, West Coast manager for Adjusta-Form, a new type of steam air pressing unit Benson has installed; and Murray Reeder, West Coast representative of Caled Products Company, Inc., who gave demonstrations of his products.

Local people have shown such an interest in Benson's new equipment that he is considering the possibility of having conducted tours of the plant for clubs and organizations.

A $25 government bond will be presented to Richard Rice who has been voted top Future Farmer in the senior class of the Campbell Union High School. BUCKNALL TO BE NAME OF SCHOOL

Results of a poll conducted recently among residents of the Moreland District, the purpose of which was to select a name for the new school being constructed at San Tomas and Bucknall Roads, indicated that a vast majority favored the name of Bucknall. This was disclosed at Monday's meeting of the Citizen's Advisory Committee of the Moreland District, president of which is Sal Millan.

Annette Riordan, head of the school names committee, announced that 330 people voted for the name Bucknall—a terrific lead over all of the other nine names proposed. Only 53 people approved the name La Palma, the next highest number of votes. Next in volume of votes came the proposed name of Prune Valley with 29 votes, and Friendship school with 25 votes. Names such as Dr. Salk Earl Warren and La Escuela de las Palmas all drew 13 votes. This latter was the name selected by the school board, and which was protested by the area residents. The proposal to use the name Joe McKinnon drew 10 votes, Castro had 7 votes, and Rincon School rated but five votes.

Robert Brydon made a report at this meeting on School Sites, with some discussion of a junior high school. Clarence Barr, who heads the transportation committee, spoke on bus safety and problems.

Henry Nettesheim, chairman of the curriculum committee, read a letter the Advisory Committee sent to the School Board which explained why the group favored an educational advantage program for the district's coming years rather than another plan which placed the students's in schools closest to their homes.

This letter disclosed that Plan No. 2 was recommended which has all of the children in the Moreland district in the 1st, 2nd, 3rd, and 4th grades attending school at El Quito Park, with all of the kindergarten, 5th, 6th, 7th, and 8th graders being housed in Moreland School.

It's A Small World!

An interesting sidelight of the huge sales ad the DoubleAA Market placed in last week's issue of the Campbell Press was the discovery by Tony Oreglia, the market owner, of a long lost cousin whom he had not seen in 30 years

The cousin, Mrs. Ann Casey of Michael Drive, read the brief biography of Tony's life which was printed in that issue, and, recalling that she had once had a relative in San Francisco by the same name, called her sister in San Francisco to check the facts. Mrs. Casey and Tony talked it over and discovered their mothers were sisters which makes them first cousins, and that they had known each other as children.

Mrs. Casey has been shopping in the Double AA for the past year and it had not occurred to her or to Tony that they might be related.

Mario Saia, owner and operator of the Double AA meat department, is happy with the results of his 5c hot dog special which he ran during the sale. He says Friday, between 3 and 6 p. m. he sold over 400 of the snacks, and Saturday over 1,000 from 9 a. m. till 6 p. m. He says he is gratified to see the people recognize a good deal when they see one

El Quito Park PTA Has Outdoor Meet

It was a night of outdoor fun—folk dancing and singing—at El Quito Park PTA's last meeting of the year, Tuesday, June 7. All of the children in grades four through the sixth danced polkas, mixers, reels and square dances before a large turnout of parents and other members of the families.

During the short business meeting, newly installed president, Mrs. Gene Riordan, gave a report on the State Convention which she attended last month in Southern California. Mrs. John P. Linger made the treasurer's report and Robert Eitreim, vice-president, talked about the rag drive and benefit show performance.

Sal Millan, president of the Moreland District's Citizens Advisory Committee, spoke on problems he and his fellow workers had been considering lately. He referred in particular to the new plan of housing all of the 1st, 2nd, 3rd and 4th grades of the entire district at El Quito Park, while all of the kindergarten, 5th, 6th, 7th, and 8th graders will attend Moreland School next year.

Mr. Eitreim stated there was some feeling in the district that curriculum changes should be handled by teachers and school administrators, rather than either a trustee's advisory committee or school board. He announced that petitions protesting this change will be on hand this week for signatures at stores in Quito Shopping Center.

EDITORIAL

1895—CAMPBELL WEEKLY VISITOR—1955

This is the week of our birthday. We fully intended to make a bigger event of it than we are doing at this time. It is the 60th birthday of the Campbell Press, and we are just too busy to do more than say, "happy birthday to us," and then get right back to the job.

Right here in the editorial sanctum is a copy of Vol. 1, No. 1 dated June 7, 1895 of the Campbell Weekly Visitor, forerunner of the Campbell Press. It tells of Benjamin Campbell settling in 1851 at the old homestead to raise grain and stock, of the narrow gauge railroad built here in 1879, following which orchards began to replace grain fields; a fruit dryer was set up and the people got together and built a town hall. In 1895 the population had so increased a postoffice was established and Charles Willett entered the mercantile business. Then dozens of homes were started along with other stores until Campbell became a thriving community. Deed restrictions prevented setting up of saloons within three or four miles of the town in those early days. By 1895 there were two churches, a good school system, a YMCA, public library and the newspaper. In that year 14 new residences and a brick bank building were started, a band was organized, and a water company laid pipes through principal streets, setting in operation an immense pump.

That was all a part of the front page of this newspaper printed here sixty years ago. There would be much to review about changes to date, even with the operation of the newspaper. The outlook then was of hope and of home town loyalty.

It has not changed much in this respect. The Weekly Visitor of 60 years ago was a hand-set tabloid with its ads splashed with ornaments. The picture of the schoolhouse on its front page has a bell tower; the children are seated casually at the bottom of the stairs with teachers and probably some of the school board members standing on the verandah.

Today the operation has changed, with department work a necessity. News comes in by telephone air-mail and wires; three automatic presses do commercial work; automatic folders do the bindery; two slug-casting machines set most of the type from metal that is melted either by gas or electricity; advertising is designed with art work available to this paper from one of the largest firms of its kind in the world; papers come off the press and are delivered by carriers to the homes, and in two months ciculation has increased to a point that negotiations are under way to replace the drum cylinder press with a web-fed press that will automatically print and fold to eight full 8-column papers.

This is a cold, calculated report to make on this our 60th birthday. But it is still one of hope. This is your newspaper and the only paper that lives for the community; it is both the printed history and the mirror of the community, yesterday, today and tomorrow. We shall srivve for respected leadership. The Weekly Visitor of yesterday has become the Campbell Press of today.

TRAVEL Can be pleasant or irksome, according to the state of mind or the results attained, at least that seems to be my impression after two unexpected flights to Los Angeles within two weeks . . . just two weeks ago tonight I had no such thought of either trip when a phone call came from the principal of a school at Downey urging that I come the next night to a reception honoring my sister who was retiring after 34 years of teaching in the same school, a reception which she knew about as sort of a tea party, but a real one of which she knew nothing, starting at 8:30 as a "This is Your Life" program and I was to be the key person opening as a surprise arrival, followed by some of our childhood friends, family minister, her first principal, then one-by-one some of the students who had attended her classes while others were in the audience numbering about 400 . . . a microphone at the rear of the stage allowed each of us to break in on the chairman when the cue arrived then to be brought on stage until it was filled, and in between each new introduction was a play-back of a tape recording by one of the classes there now, a parody on the Davy Crockett song, something like, "Elsie—El-sie Vrooman, taught us all our A-B-Cs" the end being presentation to her of a beautiful TV set, engraved testimonial by the school board and of all previous school boards of her having done always a little beyond duty, some silver candelabra, and a lot of letters, playing of the song for the new graduating class, . . . I understand she has composed a song for each of the classes and there were other nice things I learned about my sister, her own speech ending with this original message

"Another day passes and night
closes in,
To hold us in sleep and lay within
Our hearts a thought, serene and
rare

Did our service help another
To find that dream more fair?
So I wish for each of you,
Work, good health and play—
My triangle of happiness
To greet the new-born day.

And as we journey forth,
Though our ways may part,
May the love of little children
Lie deep within the heart.

SECOND FLIGHT Last Sunday was to follow up an appraisal of equipment at the defunct Los Angeles Daily News, plant being auctioned Sunday and Monday, stopping enroute at Santa Maria to see friends and look at a building under construction for the Times there . . . remembered at lunch time while bragging about my power lawn mower and sprinkling system, that I had forgotten to turn off the sprinkler so phoned my neighbor to please turn it off, then missed the Greyhound Express and was put on a local into Los Angeles . . . sitting in front of me were two Mexican children evidently tired of the long bus trip, giggling some of the time, crying and just staring back at me, while seated across the aisle a rather hefty woman well in her forties, chewing and popping bubble gum most of the way in on the four hour trip . . . then next day at the auction, with newspapermen and printers present from all over the state, all losing out on what we considered fair prices for used equipment to a group from Mexico who seemed to have an endless amount of money, so I remained there until 5:45 and flew back to San Jose in time to check in at the council meeting at 8:15 Monday night mumbling . . ."Viva Mehico!"

FLAG DAY

The first official National Flag Day was celebrated on June 14, 1916, when President Woodrow Wilson led a parade in Washington, D. C. The date is the anniversary of Congressional adoption of the Stars and Stripes as the official emblem of the United States in 1777.

District Budget $1,631,445 For Year Coming Up

Campbell Elementary School District trustees have tentatively approved a 1955-56 budget calling for expenditure of $1,631,445 for operation and maintenance. Before final adoption, minor changes may be made but are not expected to materially alter the total.

The budget is the highest in the district's history, and reflects growth to 10 schools, nine of which are now in operation. Enrollment growth to 5,600 next year makes the expenditure necessary.

This year's new budget is based on an expected district assessed valuation of 32 million dollars which would be taxed at the rate of $1.60 for each $100 of assessed valuation.

Trustees ordered a budget drawn up to reflect a 20-cent drop in the tax rate this coming year from the 1954-55 tax rate of $1.80 approved by voters.

The decrease in taxes, E. A. Merrill, president of the board of trustees, pointed out that with the $1.80 tax rate, it was possible to build up certain reserves required by law, and to provide a reserve fund for operations that plays an important part in keeping the district solvent when tax monies due but not as yet collected are not being received.

The budget also provides money for repayment of bonds outstanding, but does not include money being expended for construction of new facilities, it was pointed out.

Van Laarhoven Rosemary Principal

Appointment of Anthony Van Laarhoven, now principal of "A" School in Firebaugh, as new principal of Rosemary School was announced by trustees at their last meeting. He succeeds Neal Royer, who becomes principal of the new Monroe School which will open in September.

Van Laarhoven, 33, was born in De Pere, Wisc., is married and has a son two years old. His 6½ years as a teacher and principal was interrupted by five years in the U. S. Marine Corps, including Theater during World War II.

Included in his record is service as a principal in Poplar Grove, Ill., and also in Haydon, Colo., both in elementary schools.

Van Laarhoven visited his new school briefly after his selection, met the teaching staff and expressed great pleasure in his new school.

Neighborhood Cooperates On Street Repair

A good example of neighborhood cooperation was set by the Peggy Lane residents Saturday when they all pitched in to repair chuck holes that have made the street almost impossible to navigate with a car for some time.

The street is a problem to the county as well as to the residents since one side is county property and the other side has property lines extending to the center of the street. Despite numerous appeals to the county to at least fix the chuck holes nothing was done and the neighborhood learned that to be eligible for paving, residents with the property line extending into the street would have to deed their side of the road to the county to make is acceptable.

After several neighborhood conferences the men decided to do the job themselves. Bert Hershey was put in charge and the entire neighborhood and even some nearby residents contributed cash to pay for the needed crushed rock, cold asphalt, and rental on a roller.

Bright and early Saturday morning all men and older boys turned up with pick and shovels to begin their job in the sweltering sun, while the wives and mothers kept them supplied with refreshments and cooling drinks. All boys able to do so trundled wheelbarrows and younger ones, armed with red flags, directed traffic around the workers. By evening the work was finished, and according to a spokesman, an entire neighborhood experienced the feeling of satisfaction that comes with complete cooperation and a job well done.

FHA Display Has Emergency Menus

Future Homemakers of Campbell High School have been working on a Civil Defense display as one of their many projects during the past semester, and have arranged with Carl Field, owner of Field's Grocery, to place a display in one of his store windows.

The theme used in the display here is "Emergency Food Shelf for Civil Defense". In the window are posters; emergency menus adapted for approximately a week, and red arrows pointing to the actual groceries in the display that correspond to the individual menus.

As a sample breakfast when fuel with limited water is available, the suggestions are ready-to-eat cereals, milk, bacon, toast, jam and orange juice. Suggestions for a lunch without fuel and limited water available are, one cheese sandwich per person, one corned beef sandwich with salad dressing per person, orange juice and dried prunes. The sample menu for dinner, with fuel and water, is, canned hamburgers or pressed pork loaf, bread and butter, or hot biscuits or muffins, stewed tomatoes, brown rice or potatoes, cookies, canned peaches or other fruits, coffee or tea, and milk for children.

The Future Homemakers hope that the public seeing their display will benefit from the exhibit as much as the girls have in proparing it.

The committee in charge of the display was composed of Leora Scattini, Delores Machado, Sonja Benson, Riva Strickland, Betty Hames, Sonja Von Gortz and Joann Long. The group advisors are Mrs. Adele Charlson and Mrs. Harrington.

Carolyn E. Coons Is Bride Of Howard C. Payne

Before the candle and flower-banked altar of the Stone Church of Willow Glen Carolyn Elaine Coons and Howard Clayton Payne recited vows that united them in marriage on Saturday, May 28. The double ring ceremony was performed by Reverend T. H. Simpson.

For her wedding, the bride selected a ballerina-length pale yellow nylon sheer styled with fitted bodice and rhinestone trimmed Peter-pan collar and bouffant skirt. A tiny veil was caught to a white lace and daisy tiara embroidered with silver bugle beads and she carried a French bouquet of yellow-centered daisies and satin streamers. She was escorted to the altar by John Duncan, principal of Moorpark School.

Maid of Honor, and only attendant of the bride, was Geraldine L. Childress of Huntington Park, who wore a pale blue, lavender and white print of nylon sheer with bouffant skirt and carried a French bouguet of blue and lavender sweetpeas.

Adolph Wagner, just returned from Korea, performed the duties of best man and Perley B. Payne Jr., and William C. Wrigglesworth served as ushers. The wedding march was played by Margaret Seaver, organist.

For her son's wedding, the mother of the groom wore a navy blue dress with pink collar and cuffs and pink accessories and pinned on a corsage of white orchids. Parents of the bride were unable to make the trip from Florida.

Carolyn is the daughter of Mr. and Mrs. Charles Wesley Coons of Hyndsville, New York, and Melbourne, Florida; and sister of Mrs. Clifford A. Helme Jr. of Hyndsville, New York. She attended Hardwick College, is a graduate of the Universiy of Southern California. At the present time she is a teacher at the Moorpark School. She is active in community affairs and is a member of the Footlighters, library chairman of the Moorpark PTA, president-elect of Epsilon Sigma Alpha Sorority, and director of Community Welfare Council of Santa Clara County.

Howard is the son of Mr. and Mrs. Perley B. Payne of 34 Fourth Street and brother of P. B. Payne Jr., Mrs. W. C. Wrigglesworth, Mrs. Lewis Lathrop, Mrs. William Curtis and Mrs. Rawleigh Gregory. He is a graduate of Campbell Schools, attended San Jose State College, and is a graduate of U. S. Maritime Service Officers School. At the present time he is employed by the Falstaff Company.

Immediately following the wedding, a reception was held at the home of Mr. and Mrs. William H. Morgan at 321 N. Milton Avenue for fifty-five guests. A four tier cake topped with a miniature bride in yellow and groom served as centerpice on the white flower decked table. After the bride and groom made the traditional first cut, March Townsend Miller served the wedding cake while Udell Edmonds Brown presided over the champagne punch bowl.

For her honeymoon trip to Fort Bragg, Carolyn donned a pale blue coat-dress with three-quarter length sleeves and full skirt with small white hat and accessories.

The young couple are now at home at 175 Everett Street, Campbell.
